Re II Stage drains at Banavar Entertainment of rates

With reference to the above, I have the honour to state that an estimate for the above work for Rs 2,082/- was sanctioned in G O No L 3558-61/M1 88-42-2 dated 39th September 1942 Quotations were called for and contract fixed in January 1943 But the work could not be taken up on account of the nonavailability of cement Now that cement is available, the contractor was asked to commence work He has put in an application for enhancement of rates The prayer of the contractor requires consideration in view of the fact that the present rates for - labour materials, cement and transporation charges have shot up I, therefore, consider that enhanced rate of 20% over the accepted quotation rates has to be paid and the extra expenditure on the above account will be Rs 420/- over the sanctioned estimate I request that necessary sanction of Government for the excess of Rs 420/- (to be met by Govt and Municipality) may be obtained early and communicated to this office for further action
